**This Is Our "Traveling Salesman" for Orders by Mail
We Can Please You in Quality, Prices and Service**

Due to the very uncertain market conditions, prices are changing frequently. The prices in this catalogue are therefore, subject to change without notice.

C. R. ROOT

OUR PRICES ARE LOW! • WHY PAY MORE?

The House for Quality

We are not the largest concern in the business, nor the smallest; however, having been in this line over thirty years, we naturally know what is wanted by the Greenhouse Man, the Flower Shop, and the Dealer.

Our first purpose is to serve you promptly and to your entire satisfaction.

If we make a mistake, tell us about it—it's our place to make good.

If our goods do not prove as are represented, most assuredly we should know it.

If any claim is made it must be explained to us soon as goods are received.

Our prices are carefully computed to give us an honest profit and to furnish you with merchandise good as is obtainable; however, all values fluctuate and very difficult to keep corrected in a printed price list.

We conduct no "bargain counters" or "job lot" offers.

Wherever our prices may appear higher than quotations you may hear about, if not a clerical error or change in the market, it is for reasons of quality. Our slogan is

"The House for Quality."

Denver is geographically the center for a large area of country. The cost of transportation from Denver should be considered when comparing prices with houses in far East. With many articles we sell at factory prices, and Eastern prices f. o. b. Denver.

We do not handle Cut Flowers, nor do we offer Fancy Baskets. Our line is

Standard Florists' Supplies.

TERMS: Where credit account is established, we invoice goods payable in 30 days. Standard Florists' Supplies invoiced payable in 30 days are entitled to two per cent discount if paid by 15th of following month. If you remit with your order, deduct two per cent for cash.

Where bills remain unpaid after 60 days and no arrangement made for settlement, we cannot grant credit on further purchases until satisfactory settlement is made.

Remittances are applied first to due or overdue accounts before being entitled to cash discount.

New customers will please remit with first order, deducting two per cent, then give credit references if wishing to open an account.

We prefer to not send goods C. O. D., unless specifically agreed.

Perishable goods are positively not sent C. O. D.

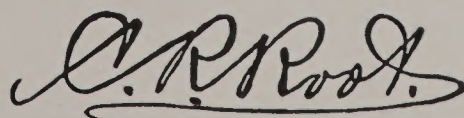

When no instructions are given about shipping we use our judgment as to whether by freight, motor way, express, or parcel post; however, we prefer that you state definitely on each order how you want it shipped.

Our responsibility ceases after we have shipped according to instructions.

We solicit your patronage.
